Introduction

When we first came to Puerto Vallarta and went looking for girls, we had terrible experiences, spending lots of time and money– fruitlessly. All along, we were wishing that someone could just tell us where to find what we were looking for. So, after finally discovering for ourselves some of the best places in town, the idea for a Red Zone Tour was born, and now this book.

In order to provide that wished-for-resource, we combed the town, finding and documenting all the sex resources available. And this book is the result: the first comprehensive listing and descriptions of all sex-related opportunities for heterosexuals in Puerto Vallarta.

We hope that you find this little book useful, and that by using it, you'll be able to save time and money, having a great vacation and lots of fun!

Be adventurous! Try to explore some of the many places listed here, and you'll discover a Puerto Vallarta quite different from what you would otherwise find on the tourist paths!

As you travel around and try out these places – and maybe even find some new ones – we would welcome your feedback. We'd like to hear about which places appealed to you, which ones you didn't like, and any new ones you discover. Share your stories with us, and we'll publish them – anonymously – in the next edition of the book!

Escort Agencies

The Situation

In our view, the situation with escort agencies in Vallarta is fairly dismal. In the past, there were quite a few agencies, but this all changed on March 15, 2011, with the passage of a new law called *Ley para prevenir y sancionar la trata de personas*. (The Law to prevent and sanction the treatment of persons). This law prohibited the advertising of sexual services by third parties. Thus, newspapers and other media wouldn't accept agency ads and most of the agencies went out of business. Now we are left with 3 escort agencies and a few web sites that allow the girls to place their own ads and promote themselves.

We can't recommend these agencies, but if you find and decide to use them, you should be concerned about the following:

- They are notorious for using false fotos, if they show them at all. They might say they use "real" photos, and they do, it's just that they may not be of the girls they have. Some of their photos are downloaded from the net. And, two of the agencies sometimes send out girls other than the one you are promised.
- The girls don't always arrive at the time designated. Keep in mind that they operate on "Mexican time." If they say the escort will be there at 7:00 pm, that could very well mean 8:00 or later.
- They don't speak English, and sometimes they don't answer their phones or emails.

Expensive Strip Clubs and Table Dance Clubs

General Information

The strip clubs in Mexico are very different from clubs in the U.S. or Canada. First of all you can touch the girls! You can't touch a girl while she's dancing but when you buy her a drink, she'll sit on your lap and you can and should touch her. Most will let you touch their entire body! There's little reason to pay for a private dance in a booth when you receive this kind of action at your table!

Second, you should always bring a condom with you in case you get lucky. If you take the girl into one of the private rooms, you may need it ,and you'll save 50 pesos by having your own!

Third, you won't see too many men lying down and letting the girls pick up dollar bills from their mouth or putting them in their panties. The only reason you don't see it is because Mexico doesn't have an equivalent to the dollar bill. Their smallest bill is about \$1.60 (20 pesos) and no one uses them for that. If you bring some dollar bills with you, you can have a lot of fun with them while the girls dance!

The last thing to remember is that wherever you are, you should pay for the drinks as you get them to avoid surprises. Make sure you receive your change. Some clubs charge a surcharge of 10-15% to run a tab and some charge an equal amount to use a credit card.

In the expensive strip clubs, you will spend at least \$250 (and up) to take an escort out and a little less for a half hour in one of their rooms. You'll pay a cover charge of 200 pesos and up.

Inexpensive Strip Clubs and Table Dance Clubs

Inexpensive Strip and Table Dance Clubs

There are several strip clubs that cater to local Mexicans. Here the girls range in price from 800 pesos for 20 minutes and up - (up to 3000+ for 2 hours out of the club). The beers for the girls will run about 120 pesos, and beers for you run between 30 and 40 pesos (most are 35 pesos). There will not be cover charge at these clubs if you don't arrive in a taxi.

While not all the girls will be of the quality of the expensive clubs, there will be quite a few that are! There is also a lot less pressure by the employees. You won't be hustled into a seat by 3 men when you walk in the door! They are generally honest and won't inflate the tab because they cater to locals who would never come back if they did. These clubs are where you should go if you want to go to strip clubs and not spend a fortune!

Again, be careful not to go in a taxi without telling the driver that they won't receive a commission. It's always best to have the taxi driver drop you off a block or so away from your destination. If not, when you get out of the taxi, tell the doorman (preferably with the taxi driver present) that he isn't getting a commission. Otherwise they will charge you a cover charge to pay the taxi driver! (Usually it's only 100 pesos though!)

The way most of the clubs work is that they charge a set fee to use the rooms in the club (house fee) and then you negotiate with the girl for how much she'll charge you. The usual fee for the house is 300 pesos and up. They all have various specials on spending time alone with the girls in their private booths and special areas.

Here's what a girl says about working in these clubs in general: "First of all, it's very difficult to work all night long. They are very long hours and it's even worse wearing the very high heels that they all make us wear! We are always being chastised for many different things like going into the changing room too much or not forcing the clients to buy us a drink, and this year business has been so bad that they pay us with a piece of paper that promises to pay us later!"

A brand new club located in the Romantic Zone (Old Vallarta), right next to the Farmacia Guadalajara on Insurgentes. They have a really nice place with two stories. “Good” Hotels

If the hotel appears here, there usually aren't any problems with bringing girls in. If there are, the hotel is moved to the problem hotels list, with an explanation. Don't take this as any more than what it is: several girls' experiences on one or more occasions.
